## The Early Church & the Advance of the Gospel

### Four lectures on the Church's first thousand years.

- We are just completing the second thousand years of the New Testament Church, a Church under the triumphant reign of her King, Jesus Christ.
- What was her first thousand years like?

- Do we have any sense of belonging to that Church?
- What did the Church accomplish then and could she do the same today?
- Why is this history important to us today?

*How important was the Battle of Tours for the Christian faith?*
